organic Weakness.

Immediately cured and full vigor restored.

This distressing affection, which renders life miserable and marriage impossible, is the penalty paid by the victims of improper includences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now who that understands the subject will pretend to deny that the power of procreation is lost sooner by those failing into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becames deranged, the Physicial and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debuity, and Wasting of the Frame Cough, Consumption, Decay and Death. DR. JOHNSON,

DR. JOHNSON,

Member of the Royal College of Surgeons
London, Graduate of one of the most eminent Colleges in the United States, and the
greater part of whose life has been spent in
the hospitals of London, Paris, Philadelphia
and elsewhere; has effected some of the most
astonishing cures that were ever known,
many troubled with ringing in the head and
ears when asleep, great nervousness, being
alarmed at sudden sounds, bashfulness, with
frequent blushing, attended sometimes with
derangement of mind, were cured immediately. TAKE PARTICULAR NOTICE.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, untiting them for either business, study, solety or marriage.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility Symptoms of Consumption, do.

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, dc., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing thair vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, Cough, and Symptoms of Consumption.

YOUNG MEN

YOUNG MEN Who have injured themselves by a certain practice, indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly feli, even when asleep, and, if not cured, rendemarriage impossible, and destroys both mind and body, should apply immediately.
What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,

MARRIAGE, reflect that a sound mind and body are the reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed; without these the journey through life becomes a weary pigrimage; the prospect hourly darkens to the view, the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another become blighted with our own.

DISEASES OF IMPRUDENCE. When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease it too often hapens that an ill-timed sense of shame or dread of discovery deters him from applying to those, who from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horn disease make their appearance, such as ulc rated sore throat, dieased nose, nocturnal pains in the head and limbs, dimness of sight deafness, nodes on the shin-bones and arms, blotches on the head, face and extremities. deafness, nodes on the shin-bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object; commiseration, till death puts a period tohis dreadful sufferings, by sending him to "that Undiscovered Country from whence no traveller returns."

It is a MELANCHOLY FAOT that thousands fall victims to this terrible disease, owing to the unakilifulness of ignorant pretenders, who, by the use of that DEADLY POISON, MERCURY, ruin the constitution and make the residue of life miserable.
